

Kim >

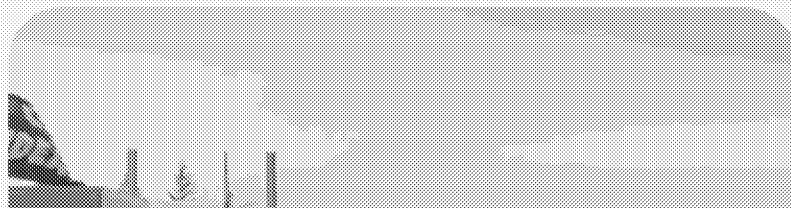

Fleury just text me this:
"Chatted with Kim. We need
City to communicate formally
to our bia leadership today
with plans and expectations." I
am not going to respond. He
doesn't appreciate that this is
a police led operation and that
the communication he is
asking for needs to come from
them and not the City.

I contact DC Trish Ferguson
and suggested that she call
him. She said she would!
